

TANGENT[®]

SUSTAINABLE LUMBER

High Density Sheet

Tangent's high density sheet is the ideal alternative material for a variety of applications. This durable, all-weather sheet affords versatility of design that is unparalleled with traditional materials. Our sheet is non-foamed and annealed which creates an incredibly strong board that is able to span greater lengths and exhibits high impact resistance.

Our sheet resists water, mildew, moisture, insects and chemicals. Repellent to most surface stains, this sheet does not require painting, staining or waterproofing and works easily with CNCs and common woodworking tools.
