THE TANGENT FENCE ADVANTAGE

Ultra-Strong, Durable Fencing

Tangent materials are the ultra low-maintenance and durable fence solution. Traditional materials deteriorate rapidly with time, especially in harsh environments and where posts are driven into damp ground. They require ongoing and costly maintenance, repair and replacement. With Tangent, no painting is required. Our fence materials are environmentally friendly and mimic the look and feel of traditional wood fence. Choose Tangent fence materials for a lower life cycle cost and be backed by our 50-year limited warranty.

TANGENT OFFERS:

- Split Rail Horse Fencing
- Ranch Rail Horse Fencing
- Round Posts for Wire and Mesh

THE TANGENT STABLE ADVANTAGE

Stable and Wash Pads made with Tangent Sustainable Lumber

Ensure the safety and security of your equine companions with Tangent's horse fencing. Unlike other plastic fencing solutions, Tangent's horse fencing does not splinter and contains no preservatives, making it a safe option for animals. Impervious to moisture and damage from insects and fungi, our fencing is extremely durable in any environment. Tangent's fencing is easy to clean and never requires repainting or staining. Trust in the quality and reliability of our USA-made fencing to protect your animals year-round.
